

duties and to prosecute or defend litigation on behalf of Retirement Value. As of July 16, 2012, the Receiver transitioned the majority of this representation to Cox Smith although certain aspects of the representation remained with K&L Gates.¹

By its Order Regarding the First Application for Fees by the Receiver and Receiver's Counsel entered on October 26, 2010 (Fees Order), the Court modified the basis by which the Receiver and his counsel are paid. Pursuant to the Fees Order, the Receiver shall charge an hourly rate of \$320 per hour and the Receiver's counsel shall discount its rates by 9.5% from its then current hourly rates in effect as of the time services are rendered, beginning on August 1, 2010. Fees Order at 2. Moreover, the Receiver and his counsel are to submit to the Court and to the parties of record their request for payment of fees. If no party of record files an objection to the request for payment within ten days from the filing of the request for payment, then the Receiver shall pay the amount of the request from funds he holds in the receivership estate. Any objection must state with specificity the particular items of the Receiver's request to which the objection is made. If an objection is made, the Receiver shall not pay the contested portion of the invoice until a hearing has been held on the objection, but the Receiver may pay the portions of the request to which no objection is made. *Id.*

APPLICATION FOR PROFESSIONAL FEES

By this Application, the Receiver seeks approval from the Court to pay from the assets of the Receivership the fees incurred by the Receiver and his counsel, Cox Smith and K&L Gates for services rendered between April and June 2013 by Cox Smith and K&L Gates.

The Receiver has incurred fees of \$75,072.00 during the period covered by this Application. He has retained the legal services of Cox Smith and K&L Gates which have

incurred fees for the periods covered by this Application of \$121,851.50 and \$10,852.08, respectively. Affidavit of Eduardo S. Espinosa (“Espinosa Affid.”) at ¶¶11-13 (attached as Exhibit 1). While substantial, these fees were both reasonable and necessary.

The fees charged by the Receiver and his counsel represent a 24% discount from the usual and customary fees charged by Cox Smith and K&L Gates. As a general matter, the charge for the services provided by Cox Smith and K&L Gates are determined by multiplying the total number of hours worked by each timekeeper by that timekeeper’s billing rate. *Id.* at ¶6. In this case, the billing rate of each timekeeper was discounted from the usual and customary rates charged by Cox Smith and K&L Gates, respectively. The Receiver is charging \$320/hour, which represents a 27% discount from his usual and customary Cox Smith rate of \$440/hour. In addition, each of Cox Smith and K&L Gates has discounted their rates by 9.5% and further discounted their bills by approximately \$22,615.99. In the aggregate the discounts and write-offs associated with this Application amount to \$64,698.20. Espinosa Affid at ¶7. The chart below summarizes the fees charged and the discounts applied.

I. What Have We Accomplished During This Period

During the period covered by this Application, the Receiver and his counsel devoted substantial attention to prosecuting litigation in this matter and ancillary proceedings, addressing various motions and discovery matters, and pursuing the estate's claims against various parties.

The significant tasks during this time period include, without limitation:

- Maintaining investor communications, including responding to inquiries from investors, defendants and their respective counsel regarding this matter, the Plan of Distribution, value of the claims and alternative recovery efforts;
- Maintaining and periodically updating the estate's website with new information and current events;
- Attending to the preservation of the estates' assets, including coordination of various accounting matters, funds management, and payment of premiums;
- Responding to numerous inquiries and resolving various issues regarding the initial distribution and proof of claim processes;
- Responding to inquiries from self-regulatory agencies and federal, state, county and municipal law enforcement and taxing authorities;
- Responding to various motions, interrogatories and ancillary requests by defendants, intervenors and third parties;
- Continued to prosecute litigation against defendants and third party defendants;
- Coordinating and supervising the prosecution of third party claims with the estate's contingency fee counsel;
- Negotiating, documenting and resolving the disputes with the Hill Country Intervenor;
- Negotiation, documentation and securing approval of the settlements with Ron James, Don James, James Settlement Services, Michael Beste, Milkie Ferguson Investments Inc., Ed Milkie and Manny Aizen;
- Multiple mediations with licensees, resulting in settlement agreements with more than \$500,000 in consideration to the estate;
- Mediation with Wells Fargo in advance of the arbitration proceedings;
- Representing the estate in its arbitration against Wells Fargo; and

- Responding to discovery requests and marshalling Retirement Values records.

The Receiver initially undertook to investigate the business of Retirement Value, to collect the assets readily available to it and to put in place interim measures to protect the value of those assets. That work is complete. The Receiver is currently working on two major initiatives. The first initiative is to execute the court-approved plan for the portfolio of insurance policies in order to maximize the policies' value and return to investor-victims. The second initiative is to resolve and collect upon the substantial claims that the estate has against various parties.

A key variable to the estate's success and ultimately restitution to the investors is the performance of Retirement Value's portfolio of insurance policies. Maximization of the portfolio's value depends upon the policies' expected cash flows (premiums paid and benefits received) and the portfolio's structure. The Receiver developed a plan of distribution and a plan for maximizing the value of the portfolio. The Court has consolidated the Retirement Value and Hill Country Funding estates and ordered the Receiver to (i) collapse the portfolio so that all claimants share in all of the estate's assets and (ii) hold the insurance policies until all of the policies have matured.²

A. Plan of Distribution

In May 2011, the Receiver prepared a report describing the actuaries' findings and discussing his recommended plan. He also (i) prepared a formal plan of distribution and posted it for comment and (ii) filed a motion with the Court to approve the Initial Plan. This plan provided for: (i) approximately 10% of the investor-victims' investment to be distributed immediately upon completion of a proof of claim process; (ii) distributions of free cash flow in

² The Retirement Value and Hill Country funding claimants are to participate in the distributable assets of the consolidate estate 94.7% and 5.3%, respectively

excess of reserve requirement throughout the life of the portfolio; and (iii) an expected return of 100% of the investor-victims money, plus or minus 20% over the life of the portfolio. The involuntary bankruptcy filing on August 12, 2011, preempted the Court's consideration of the plan that was scheduled to be heard on August 15, 2011. Pursuant to the Court's order, the Receiver proposed an alternative plan of distribution on January 3, 2012. Alternative plans were subsequently submitted by other parties. The Court adopted the Receiver's initial plan on July 20, 2012.

Following approval of the plan of distribution, the Receiver and his counsel (i) published a schedule of claims and mailed it to all known creditors of Retirement Value and Hill Country Funding; and (ii) published advertisements notifying the public of the adoption of the plan and the date by which proofs of claims must be filed in major newspapers in Texas. The Receiver subsequently requested authority to make an initial distribution to the investors. The Court authorized an initial distribution of \$5,500,000 on September 26, 2012. The Receiver sent out checks on October 15, 2012.

B. Collection Efforts

The Receiver and his counsel are also working to collect on claims owed to the estate. The Receiver has filed suit against David and Elizabeth Gray (former owners of Retirement Value) to recover the money paid to them by Retirement Value. In addition, the Receiver engaged in negotiations with various other parties, including some licensees, towards the settlement of the estate's claims against them and made demand upon the various licensees who sold investments in the RSLIP. George Brothers Kincaid & Horton, L.L.P. ("GBKH"), on behalf of the Receivership, has filed suit against licensees and others to collect amounts owed to the estate.

Because of the expense and risk inherent in litigation, the Receiver is taking a deliberate approach towards the claims of the estate. Generally, the Receiver attempted to engage in negotiations with those against whom the estate had claims, rather than immediately filing suit. Moreover, the Receiver concentrated his initial efforts on claims that were either the most likely to succeed or which provide for the largest potential recovery, including engaging in mediation with certain parties. This tactic resulted in considerable success, including settlements with Bruce Collins (reached without filing suit), Kiesling Porter (also reached without filing suit) and Dick Gray (reached before trial) worth some \$1.7 million. After consultation with the State and the Intervenors, the Receiver decided to retain contingency fee counsel to prosecute claims against the licensees and other parties.

The Receiver retained, on a contingency fee basis, GBKH to prosecute claims against the licensees.³ GBKH has sued numerous licensees and others owing money to the estate. As of the date of this application the Court has approved over \$1,750,000 in negotiated settlements with third party licensees who participated in the sale of the RSLIP as well as a \$200,000 settlement with Wendy Rogers. In addition, the Court recently approved a \$5.5 million settlement with Ron James, Don James, James Settlement Services and Michael Beste. The Court has also granted Retirement Value almost \$1.5 million in judgments against certain licensees. Attorneys at Cox Smith will continue to assist GBKH and to supervise their work in this matter.

C. Adequacy of reserves

The Receiver engaged Lewis & Ellis to model the consolidated RV/HCF portfolio and advise the estate as to appropriate premium reserve levels and the portfolio's expected net cash at maturity. Lewis & Ellis determined premium reserves of \$17,414,248 should suffice for 97.5%

³ The Receiver paid reimbursable expenses of \$50,000 out of pocket. Any additional expenses are being paid out of any recoveries from the licensees.

of the potential outcomes. After accounting for the Initial Distribution and the premiums paid since August 31, 2012, the estate maintains ample cash reserves from which to pay this Application.

II. What Work Remains to Be Done

While a substantial portion of the Receiver's work has been completed, work remains to be done. At this point, our work can be divided into three categories: (i) mitigation of claims by the estate against third parties; (ii) resolution of claims against the estate, and (iii) fulfillment of the plan of distribution.

The litigation of claims by the estate has been largely outsourced to contingency fee counsel. Cox Smith will continue to have a role in these matters. The Receiver is the plaintiff in these claims and the firm will assist him in supervising the contingency fee lawyers. In addition, Cox Smith lawyers continue to assist the contingency fee lawyers in developing the case.

Adoption of the plan of distribution largely resolved the claims against the estate. Receiver received 44 proofs of claim (25 from investors and 6 from other claimants) disputing scheduled claim amounts or characterization. A hearing held on January 7, 2013, largely resolved the then pending investor disputes. Only David Gray's HCF investor dispute remains unresolved. Resolution of David Gray's disputed claims and the remaining Class 3 General Creditor claims will require further litigation before this and other courts.

A group of HCF investors intervened attempting to undo the Plan in order to obtain preferential treatment for their claims. The Receiver and HCF Intervenor have amicably resolved their differences. The HCF Intervenor dropped their suit against the estate.

The Court's adoption of the Initial Plan substantially reduces, if not eliminates, the need for further expense or delay associated with evaluating alternative asset management strategies.

The proof of claim process has been concluded, each claimant's proportionate interests in the estate's assets have been established and the initial distribution remitted. The Receiver has now turned his attention to addressing investor inquiries and addressing ministerial issues to ensure that the estate's records are updated and the estate is ready to execute the next distribution.

On July 26, 2013, the Receiver filed with the Court his latest report regarding the status of the estate, its collection efforts, recent maturities and uses of cash, including a discussion of the potential for an additional distribution in 2013. Each of the claimants were contemporaneously notified of the filing, provided instructions on how to download a copy or request a physical copy from the Receiver.

ARGUMENT

The Receiver's administrative costs, including his fee and that of his counsel, are to be paid out of the funds and other assets of the estate. These costs are considered costs of court and have priority over all other claims against the estate. *Jordan v. Burbach*, 330 S.W.2d 249 (Tex. Civ. App. – El Paso 1959, writ ref'd n.r.e.); also TEX. CIV. PRAC. & REM. CODE §64.051. The Court should consider the reasonableness of the fees requested by both the Receiver and counsel.⁴

In evaluating the reasonableness of the fees, the Court should consider the following factors: (1) the time and labor involved, the novelty and difficulty of the questions involved, and the skill required to perform the legal services properly; (2) the likelihood that the acceptance of the particular employment will preclude other employment by the lawyer; (3) the fee customarily charged in the locality for similar legal services; (4) the amount involved and the results obtained; (5) the time limitations imposed by the client or the circumstances; (6) the nature and

⁴ The Receiver has not acted as his own counsel; therefore all of his time is billed at his "Receiver" rate as opposed to a higher rate for his services as an attorney. *Espinosa Affid.* at ¶4.

length of the professional relationship with the client; (7) the experience, reputation, and ability of the lawyer or lawyers performing the services; and (8) whether the fee is fixed or contingent on results obtained or uncertainty of collection before the legal services have been rendered. *Arthur Andersen & Co. v. Perry Equip. Corp.*, 945 S.W.2d 812, 818 (Tex. 1997).⁵ These factors support the award of the requested fees.

Time, labor, skill & complexity. By its nature, a receivership proceeding is unique and complicated. As discussed above, this receivership is particularly complicated due to its size, the assets involved, the poor record keeping of Retirement Value and the sheer number of people involved (1084 investors, 1,000 licensees, 18 insurance companies and several banks). To properly administer the estate requires a high degree of skill and diligence. Moreover, the Receiver and his counsel have had to devote significant time to this matter. The exact time expended and work performed by the Receiver and his counsel are shown on the invoices attached to the Espinosa Affidavit. In addition, the Receiver's Initial Reports of June 2010; the subsequent reports of April 2011, December 2011 and May 2013; and the fee applications previously filed with the Court summarize the work of the Receiver and his counsel.

Preclusion of other employment. Neither Cox Smith nor K&L Gates has had to decline any representation solely because of its services in this case. However, because of the magnitude of the effort required, the Receiver and certain individual Cox Smith and K&L Gates professionals working on this matter have been largely precluded from working on other matters.

Customary fees. An attorney's usual and customary fees are presumed to be reasonable.

⁵ Certain older cases have described the factors used to consider the reasonableness of a receiver's fee using slightly different terminology. See *Taylor v. Taylor*, 91 S.W.2d 394, 397-98 (Tex. Civ. App. – Amarillo 1936, no writ). However, the factors used by these cases incorporate all of the same considerations set out in the *Arthur Anderson* factors. In order to simplify this application, the Receiver has used the *Arthur Anderson* framework to discuss the reasonableness of his fees and those of his counsel.

TEX. CIV. PRAC. & REM. CODE § 38.003. The fees charged by Cox Smith and K&L in this case are the usual and customary fees that they charge to and collect from their clients for the services of the attorneys and other professionals working on this matter, except that: (i) the Receiver is charging 27% less than his usual and customary rate; and (ii) each of Cox Smith and K&L Gates is charging 9.5% less than its usual and customary rates on all other timekeepers. Espinosa Affid. at ¶6. Further, the court may take judicial notice of customary fees and of the contents of the case file without further evidence. TEX. CIV. PRAC. & REM. CODE § 38.004.

Each of Cox Smith and K&L Gates undertake annual analyses of the markets in which they operates in order to determine the appropriate fees to charge for their respective professionals based on the fees charged by their competitors and peer firms. The goal of this analysis is to set rates for each professional at the median rate for professionals at peer firms in similar practices areas and similar experience. Accordingly, the rates charged by Cox Smith and K&L Gates in this matter are well within the norm for firms of its type in Texas. Espinosa Affid. at ¶8.

1. *Amount involved and results obtained.* The amount involved in this matter, measured either by the \$77 million invested by the investors or the over \$35 million of estate assets administered by the Receiver, is very large. During the Receiver's 39 months on the job, the Receiver has actively managed the estate's affairs and discharged his State-Court imposed duties. All told, the Receiver has brought nearly \$25 million into the estate over the course of the Receivership Action.⁶ He has filed a plan of distribution and made an initial distribution of

⁶ These recoveries include (i) \$1.25 million secreted by the principals of the Alleged Debtor into Special Acquisitions, Inc.; (ii) \$560,000 and 8 policies of insurance worth about \$1.1 million recovered from James Settlement Services; (iii) \$127,000 in cash and \$195,000 in debt-reduction from a settlement with Bruce Collins; (iv) \$710,000 in a settlement with Kiesling Porter; (v) \$600,000 in assets from a settlement with Dick and Catherine Gray; (vi) \$200,000 in assets and \$7,000 in debt reduction from a settlement with Wendy Rogers; (vii) \$10,117,534 collected from Pacific Life on the PLI140 policy, which was initially disputed by Pacific Life; (viii) \$735,000 from the sale of Retirement Value's headquarters; (ix) \$34,564 in recovered state franchise taxes; (x) \$1,450,000 in

approximately \$5.5 million.

Time limitations. Time is of the essence in a receivership. This is particularly true in the initial stages. The efforts undertaken in this case to recover assets, investigate the facts and preserve the portfolio of policies were conducted on an expedited basis.

The nature and length of the professional relationship. This factor cuts no particular way. However, neither the Receiver nor his counsel has any particular relationship with any of the parties involved in this matter. Nor is there any possibility of a future relationship with the estate. By their nature, receiverships are a one-time event. As a result, no discount would normally be appropriate. Nevertheless, this application reflects a discount of 24% off of the fees Cox Smith and K&L Gates would normally charge for the work performed during this time period.

Experience, reputation, and ability of the professionals. Cox Smith is one of Texas' premier law firms. Founded in San Antonio over 80 years ago, it employs 130 attorneys with diverse experience in 21 primary practice areas and 21 industry segments. Cox Smith's experience spans all of the key Texas markets, with growing offices in Austin, Dallas, El Paso and McAllen. K&L Gates is one of the world's premier law firms. It comprises nearly 2,000 lawyers who practice in 46 offices located on five continents. Each of Cox Smith and K&L Gates represents leading global corporations, growth and middle-market companies, capital markets participants and entrepreneurs in every major industry group as well as public sector entities, educational institutions, philanthropic organizations and individuals.

Whether the fee is fixed or contingent. The fees of the Receiver and his counsel are based on their hourly rates with a substantial discount. However, the payment of fees depends

approved settlements with licensees; (xi) \$2,164,420 in judgments against licensees; and (xii) \$5.5 million in approved settlements with the James Defendants.

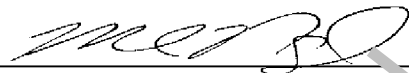

upon the approval of the court and the availability of assets in the estate – something which could not be known at the time the engagement was accepted and which remain uncertain.

The fees requested in this application are 36% less than the average monthly fees in all preceding fee applications. The Receiver anticipates that his fees and the fees of his counsel will fluctuate over the coming months but continue to trend downward. The amount of fees incurred will depend primarily on the administrative efforts necessary to effectuate the plan of distribution. It will also depend upon other circumstances beyond the control of the Receiver such as the filing of claims against Retirement Value by investors or non-investor claimants as well as the cooperation of the Defendants. The more the Defendants and others cooperate with the Receiver, the lower the fees incurred by the Receiver and his counsel will be. The converse is also true.

Based on the size and complexity of the estate, the difficulties of administering it, the efforts expended and the results obtained, the fees requested by the Receiver and his counsel are reasonable and necessary.

ACCORDINGLY, the Receiver requests that this Application be granted in its entirety and that he be authorized to pay the fees requested by him and his counsel from the funds available to the estate.

Respectfully submitted,

IN THE DISTRICT COURT OF

TRAVIS COUNTY, TEXAS

126th JUDICIAL DISTRICT

AFFIDAVIT OF EDUARDO S. ESPINOSA

BEFORE ME, the undersigned authority, on this day personally appeared Eduardo S. Espinosa, who is personally known to me, and after being duly sworn according to law, upon his/her oath duly deposed and said:

1. My name is Eduardo S. Espinosa. I am over the age of twenty-one (21) years, of sound mind, and fully competent to testify in this cause. I have personal knowledge of the facts stated herein, all of which are true and correct.

2. I am a shareholder in the law firm of Cox, Smith, Matthews Incorporated ("Cox Smith"). I was admitted to practice law in the State of Louisiana in 1996 and in the State of Texas in 1999. Prior to entering private practice, I was an Enforcement Attorney with the United States Securities and Exchange Commission, where I investigated violations of and enforced the

antifraud provisions of the federal securities laws. Since entering private practice in 1998, I have been counsel to multiple defendants in similar proceedings. I am familiar with the reasonable and customary fees charged by attorneys in this type of matter.

3. I am making this Affidavit in support of the Eighteenth Application for Fees by the Receiver and Receiver's Counsel (the "Application").

4. Pursuant to the Court's Order of May 5, 2010 and the Agreed Temporary Injunction Order of May 28, 2010 (the "Agreed TT"), I have employed professionals necessary "for an efficient and accurate administration of the receivership estate." To this goal, I have retained the law firms of Cox Smith, and K&L Gates, LLP ("K&L Gates") to represent me in connection with my duties and responsibilities as Receiver and have utilized a number of their respective lawyers and paralegals to assist me therewith. I have not acted as my own counsel.

5. Attached to this Affidavit as Exhibits A, B and C are copies of Cox Smith's invoice #401284, 402957 and # 404024 respectively (the "CSM Invoices"). The CSM Invoices detail the services performed, during the months of April, May & June 2013, by: (a) me, as Receiver; and (b) Cox Smith as Receiver's counsel. At the end of each CSM Invoice is a Professional Summary that lists the professional staff that billed time to this matter during the relevant time period, the number of hours billed and their respective rates.

6. Attached to this Affidavit as Exhibits D, E, F, G and H are copies of K&L Gates' invoices #2763519, #2765604, #2777264, #2779193 and #2795807, respectively (the "K&L Invoices" and collectively with the CSM Invoice, the "Invoices"). The K&L Invoices detail the services performed by K&L Gates as Receiver's counsel on: (i) the Moss matter during April and May 2013; and (ii) e-data services during April, May & June 2013. At the end of the K&L

Invoice is a Timekeeper Summary that lists the professional staff that billed time to this matter during the relevant time period, the number of hours billed and their respective rates.

7. As a general matter, the charge for the services provided by Cox Smith and by K&L Gates are determined by multiplying the total number of hours worked by each timekeeper by that timekeeper's billing rate respective. The fees charged by the Receiver and his counsel represent a discount of approximately 24% from the usual and customary fees charged by Cox Smith and K&L Gates. In this case, the billing rate of each timekeeper was discounted from the usual and customary rates charged by K&L Gates. The Receiver is charging \$320/hour, which represents a 27% discount from his usual and customary Cox Smith rate of \$440/hour. In addition, each of Cox Smith and K&L Gates has discounted their rates by 9.5%. An incidental benefit of the transition Gates to Cox Smith is that Mr. Napoli's discounted hourly rate was reduced from \$498 to \$448. In addition to the reduced rates and 9.5% discounts, each firm further discounted their bills by approximately \$22,615.99. In the aggregate the discounts and write-offs associated with this Application amount to \$64,698.20. The chart below summarizes the fees charged and the discounts applied.

8. I have personal experience working with every person billing time to this matter, they are each of high quality and they have skills and expertise that are invaluable to assist me in performing my duties and responsibilities in this matter.

9. The hourly rates set forth in the Invoices are set at a level designed to compensate the firm fairly for the work of its staff and to cover fixed and routine overhead expenses. Such rates are normal and customary in this market for legal professionals with the same level of experience and expertise at comparable legal firms in Texas. Each of Cox Smith and K&L Gates undertake annual analyses of the markets in which they operate in order to determine the appropriate fees to charge for its professionals based on the fees charged by their competitors and peer firms. The goal of these analyses is to set rates for each professional at the median rate for professionals at peer firms in similar practice areas and similar experience. Accordingly, the rates charged by Cox Smith and K&L Gates in this matter are well within the norm for firms of their type in Texas.

10. The hourly rates charged are reasonable rates for this case, given: (1) the time and labor involved, the novelty and difficulty of the questions involved, and the skill required to perform the legal services properly; (2) the likelihood that the acceptance of the particular employment will preclude other employment by the respective professionals; (3) the fee customarily charged in the locality for similar services; (4) the amount involved and the results obtained; (5) the time limitations imposed by the client or the circumstances; (6) the nature and length of the professional relationship with the client; and (7) the experience, reputation, and ability of the professionals performing the services.

11. The amount billed for my services during the period covered by this application is \$75,072.00. The amount billed for my counsel's professional services during the period covered

by this application is \$132,703.58. These amounts were calculated by taking the time billed for each task performed in connection with this case multiplied by the discounted hourly rate for the professional or staff member who performed the task. Based on my experience and knowledge of this matter, the fees charged by myself and my team for work during the periods covered by Fee Application #18 are reasonable.

12. I have reviewed Cox Smith's invoices for services rendered during the periods covered by Fee Application #18. Based on my experience and knowledge of this matter, the work performed by my staff during that period was reasonable and necessary to properly allow me to fulfill my duties and responsibilities in this case.

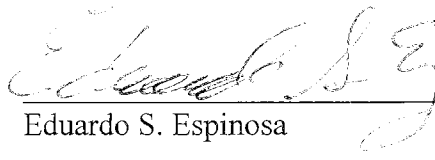

13. I have reviewed K&L Gates' invoices for services rendered during the periods covered by Fee Application #18. Based on my experience and knowledge of this matter, the work performed by K&L Gates during that period was reasonable and necessary to properly allow me to fulfill my duties and responsibilities in this case.

14. The fees requested in this application are 36% less than the average monthly fees in all preceding fee applications. I anticipate that the fees in this matter will fluctuate over the coming months, but will continue to trend downward.

15. I engaged Lewis & Ellis to model the consolidated RV/HCF portfolio and advise the estate as to appropriate premium reserve levels and the portfolio's expected net cash at maturity. Lewis & Ellis determined that premium reserves of \$17,414,248 should suffice for 97.5% of the potential outcomes. After accounting for the Initial Distribution and the premiums paid since August 2012, the estate maintains ample cash reserves from which to pay this Application.

REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK

FURTHER AFFIANT SAYETH NOT.

Eduardo S. Espinosa

SUBSCRIBED AND SWORN TO BEFORE ME this 13th day of August 2013.
